

# CAPEAFRICA

RENEWABLE ENERGY

## COMPANY PROFILE

FOUNDED 2008

# ABOUT CAPEAFRICA

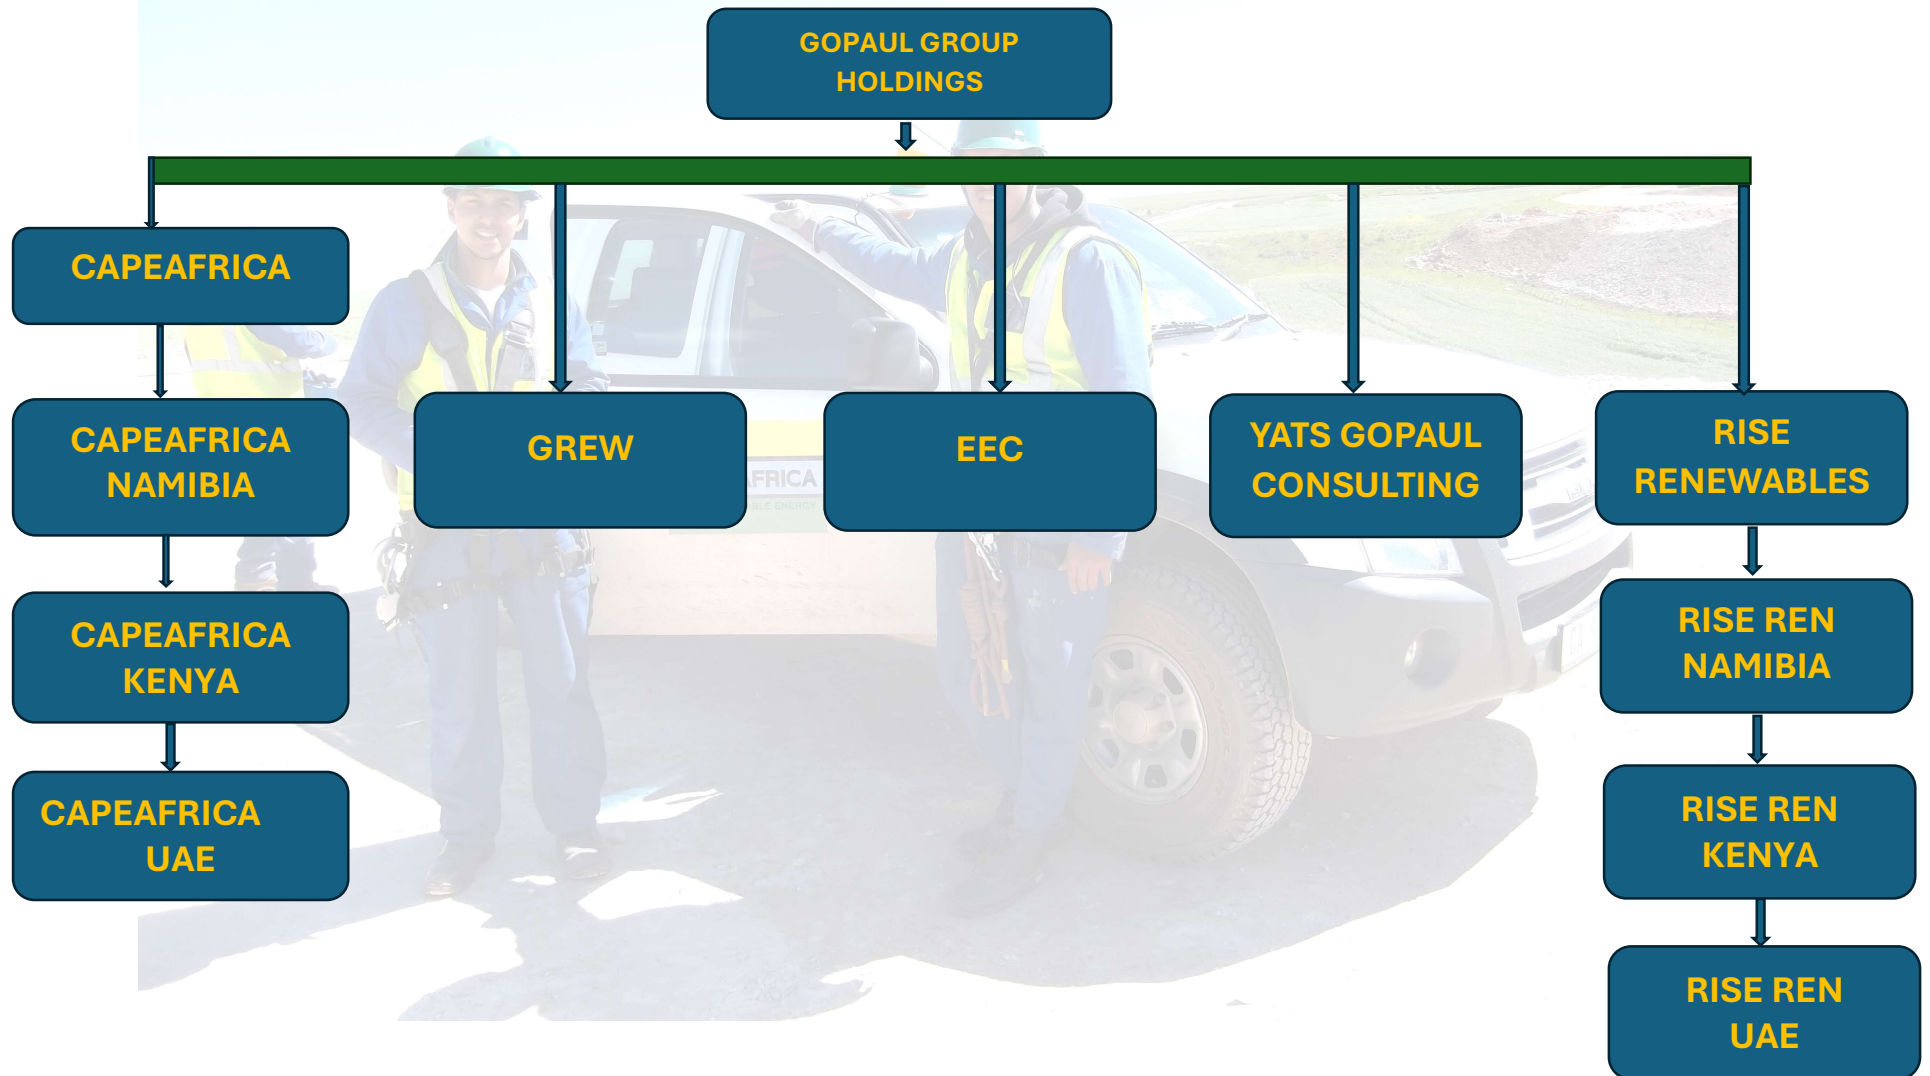

CAPEAFRICA was founded in 2008 and was primarily installing met masts for companies that were entering the renewable energy sector. The company is 100% black owned and managed. CAPEAFRICA has over the past few years diversified in clean energy solutions including wind, solar, hydro and green hydrogen. **CAPEAFRICA** has currently over 14,000MW of renewable energy projects in both Wind & Solar that are within the study stages from 6 months of studies to over 24 months of study.

CAPEAFRICA has developed the capability to conduct full technical studies and has within the group of companies, **Rise Renewables** being a development company, **GREW** being a site engineering company and **Eagle Environmental Consulting** proving all the environmental work that is required.

Through the interaction of the Renewable companies within the Gopaul Group Holdings, namely CAPEAFRICA, RISE RENEWABLES, EAGLE ENVIRONMENTAL CONSULTING, GREW AND YATS GOPAUL CONSULTING, the companies working in collaboration offer a turnkey solution to early-stage development from land negotiations and lease agreements to a shovel ready / bid ready project.

**CAPEAFRICA & RISE RENEWABLES** have opened offices in Namibia, Kenya & UAE. These are targeted towards us expanding our global footprint.

# GROUP RENEWABLE ENERGY SECTOR

# EXECUTIVE TEAM

**Diveshan Gopaul**  
Technical Director

**Yats Gopaul**  
CEO

**Duane Gilbert**  
MD - Rise Renewables

**Amitha Haridayil**  
Group Admin

**Llewellyn Buchanan**  
Manager: Projects &  
Site Engineering

**Nathan Woodman**  
Client & Stakeholder  
Executive

# MANAGEMENT & TECHNICAL HEADS

**Cameron Moodley**  
Snr Technical Wind &  
Solar

**Jinisha Gopaul**  
Group SHEQ Manager

**Safwaan Engel**  
Group Accountant

**Keano Julies**  
Snr Technician Wind &  
Grid

**Dermalin Pather**  
New Developments  
Technician

**Keenen Langeveldt**  
Technician Wind & Solar

# EAGLE ENVIRONMENTAL CONSULTING EXECUTIVES

**Thobile Skosana**  
Legal, Compliances &  
EIA

**Kayshil Gopaul**  
Chairperson & MD

# VISION

TO BE ONE OF THE LEADING RENEWABLE ENERGY COMPANIES IN SOUTH AFRICA AND AFRICA WHILE ADDING VALUE TO THE DEVELOPING CONTINENT THROUGH THE OTHER GROUP COMPANIES AND THE FOUNDATION FOUNDED BY THE GROUP HEAD - “ENERGY FOR RURAL AFRICA FOUNDATION”

# MISSION

IN REALISING OUR VISION, WE SHALL ENDEAVOUR TO DEVELOP OUR EMPLOYEES, COMMUNITY MEMBERS WITHIN THIS SECTOR TO ACHIEVE EXCELLENCE AND PERSONAL GROWTH. WE SHALL CONTINUE IN OUR SUPPORT OF TRAINING AND DEVELOPING THE YOUTH AND WOMAN WITHIN THIS SECTOR AND SHALL STRIVE TO MAKE THEM CHAMPIONS

# QUALITY, HEALTH, SAFETY & ENVIRONMENTAL POLICY

The management and staff of Cape Africa RE are committed to:

- The quality of service and product to our customers and end users
- The Health & Safety of all staff & service providers within the contract of Cape Africa

Cape Africa will ensure that we stay committed to the above through the effective implementation of a Quality Management System compliant with ISO 9001:2008. To this Cape Africa shall comply with all the related Health & Safety & Environmental Regulations and Legislations. The company will ensure that through the implementation of procedures & processes and training, the staff will be equipped to deliver to our policy statement.

# RESEARCH & DEVELOPMENT

- Sustainable Rural Energy Solutions (**Patent Pending**)
- Twenty-Four Hour Energy supply for rural Africa through smart hydro solutions
- Green hydrogen production in Namibia, Northern Cape and Western Cape

## PRODUCTS & SERVICES

- ▶ Pre-liminary scoping and desktop studies for new projects;
  - ❖ Resource Assessment (Solar & Wind)
  - ❖ EIA Screening
  - ❖ Land Use
  - ❖ Screening for potential show-stoppers
- Mast & instruments supply, install and maintain
- Monthly reporting to client
- In collaboration with Rise Renewables - development of projects to bid readiness / shovel ready
- Turnkey solution for projects from leasing to fully permitted
- EIA studies through Eagle Environmental Consulting through complete environmental authorisation

# CREDENTIALS & MEMBERSHIP

- ISO 9001:2015 CERTIFIED
- MERSETA ACCREDITED TRAINING PROVIDER
- MEMBER SAPVIA
- MEMBER SAWEA
- BBBEE LEVEL 1
- SERVED ON THE CURRICULAM DEVELOPMENT FOR WIND AND SOLAR WITH MERSETA

# TRAINING & DEVELOPMENT

**THE FIRST COMPANY TO HAVE  
TAKEN STUDENTS FROM  
NORTHLINK COLLEGE AND  
HAVE THEM TRAINED AS  
WIND TURBINE TECHNICIANS  
– OVER 10 AS CURRENTLY  
SERVING IN THE INDUSTRY**

**THE COMPANY TO PRODUCE  
THE FIRST SA FEMALE WIND  
TURBINE TECHNICIANS X 2**

**CURRENTLY EMPLOYS 6 X  
APPRENTICES**

**TRAINED OVER 12 CREW TO  
DO INSTALLATION AND  
MAINTENANCE OF SOLAR PV  
LED STREET LIGHTS IN  
LIMPOPO AND HAD THEM  
CERTIFIED TO WAH & FALL  
ARREST**

# TRACK RECORD

- Installed over 160 Met Masts in South Africa and rest of Africa in countries such as Ghana, Nigeria, Kenya, Mozambique, Tanzania and Lesotho
- Supplied, installed and maintained over 8000 Solar PV Systems for low-income housing in Thabazimbi, Limpopo, South Africa
- Did the electromechanical erection of the 27MW wind farm in Caledon, Western Cape - the first of the REIPPPP of SA
- Installed over 3000 Solar PV LED all-in-one street-lights in various villages in Limpopo, South Africa
- Designed and installed a small scale mini-grid in Lesotho
- Installed over 800KW Solar PV rooftop systems on commercial buildings and a few residential

## PROJECTS IN THE PIPELINE

- Over 3000MW of Wind, Solar & Waste to Energy
- Hydro project in Malawi with 40 small scale dams to feed the rural villages through a hybrid and mini-grid system
- Supply and install 12 000 Solar PV LED all-in-one street-lights for various villages in Zambia
- Various Solar PV rooftop projects for small to large scale industries
- In collaboration with Rise Renewables we have over 14000MW of Solar & Wind Development

# CLIENTS

**BIO THERM  
ENERGY**

**ANGLO  
PLATINUM**

**MAINSTREAM**

**G7**

**GENESIS ECO  
ENERGY**

**VUWA  
CAPITAL  
PARTNERS**

**KHULISANA  
INVESTMENT  
HOLDINGS**

**ENEL ENERGY**

**MULILO**

**SIEMANS**

**GLOSSAM  
MINE**

**IBERDROLLA**

**MEGAJOULE**

**3E ENERGY**

**KOTULO**

# BENEFICIATION & SOCIAL DEVELOPMENT

In collaboration with Yats Gopaul Consulting we have engaged with many rural communities to design and install and maintain social programs. Such current programs include:

- ❖ Supply water to over a 1000 people during the drought in the Cape Metropole
- ❖ Current agricultural program in Guba Village, Eastern Cape. This includes solar PV irrigation system, agricultural activity and agri-processing
- ❖ Solar PV supply and install for 3 Schools in the Thabazimbi - Limpopo
- ❖ Many others
